

Greenhouse Gas Townhall Meeting

7-8 Jan 2015

National Oceanography Centre, Southampton

This meeting is a community strategy meeting. While there is an opportunity for you to present your own work, the main focus of the meeting is a set of structured discussions to bring the atmospheric, oceanographic and terrestrial communities together and identify concrete research gaps and priorities for the future, based on all your experience and ideas. In the course of the meeting, through these discussions, an outline of a concept note will be developed that can then be refined for submission to SPAG and other relevant funding and research policy institutions.

Agenda

Wednesday, 7 January 2015

Please plan your journey so that you arrive on time, as the discussions build on each other. We are there from ca. 9.00.

- 10.30 Registration and Coffee
- 11.00-11.30 Welcome, housekeeping, ground rules
- 11.30-12.30 Carousel: interactive introduction, networking, pooling knowledge and ideas
- 12.30-13.30 Lunch
- 13.30-14.30 Breakout 1: Identifying research gaps, themes & priorities (4 parallel groups)
- 14.30-15.15 Keynote: **Corinne Le Quere** (videolink)
 - Carbon budgets, their influence and the role of observations - inspiration and ideas for discussion
- 15.15-15.30 Coffee
- 15.30-16.30 2-minute-madness: an opportunity for participants to present their own work in strictly 2 minutes each
- 16.30-17.00 Breakouts report to plenary and plenary decides:
 - What are the 4 key issues to be discussed on Thursday?
- 17.00-19.00 Posters with drinks reception (in NOC)
- 19.30-21.00 Dinner (Restaurant)

Thursday, 8 January 2015

- 9.00-9.30 Welcome, housekeeping, key points from Wednesday
- 9.30-10.30 Breakout 2: Addressing the key research priorities
 - (4 parallel groups - 4 themes based on the breakout & plenary decision on Wednesday):
 - What is the question, what is needed, who should be involved, what are potential barriers?
- 10.30-11.00 Coffee
- 11.00-12.00 Breakouts report back to plenary
- 12.00-12.30 Keynote: **Ned Garnett**: NERC funding, Joint Strategic Response, and European perspectives
- 12.30-13.00 Keynote: **Richard Sanders**: ICOS
- 13.00-13.30 Lunch (continue eating during plenary)
- 13.30-14.30 Plenary - General discussion
- 14.30 Finish (definitely before 15.00)
